

TECHNICAL DATASHEET DURABORD PVC

Manufacturer:	Dural GmbH & Co. KG, D-56403 Montabaur
Product:	DURABORD quadrant segment profile, open
Product reference:	DBP
Material:	PVC-U (polyvinyl chloride, hard)
Type of plastic:	Thermoplastic
Material surface:	Dense closed surface
Material density:	1.45 g / cm³ approx.
Tensile strength:	65 N / mm² approx.
Operating temperature:	-15 °C to +75°C
Chemical resistance:	good resistance to acids, leaches, light and weathering
Fire protection classification:	B 1 (fire resisting accord. to DIN 4102-TI (fire protection in building construction))
Production monitoring	Factory monitoring on the basis of DIN EN 755-1 and DIN 18200 (factory monitoring of machinery and test procedures)
